YANKEES SHOW NO HATRED TO FORMER FOES

Coblentz Germans Prefer Americans to French and Are Satisfied

FAMILIES OF OFFICERS LIVING WITH THEM

Frauleins Enjoy Life Who Have Yank Doughboys for Their Beaus

BY MILTON BRONNER.
(European Manager N. E. A.)
COBLENZ, Germany, June 26.—Do the Yanks who fought like bear-cats in the Argonne, display any hatred towards their late foes?

If they do, you can't notice it in this capital of the American zone of occupation.

To all outward appearances, the American troops and the German civilians get along as comfortably as a big fat and a soft old shoe.

Many American Kiddlees.

Most of the officers have brought their families here and American kiddlees are all over the city.

Go about at night and it looks almost as if every American "non-com" and private had a fraulein on his arm. Some have been to church, other to picture shows, still others to restaurants where they can dance and sing.

I was in a restaurant one night when an old, sweet-faced motherly woman came in to sell bouquets of lilies-of-the-valley. Nearly every man with a woman, bought flowers which sold for two marks. The flower vender, I learned, lost her three sons in the war and is now supporting grand-children.

The Yankee keeping watch on the Rhine is certainly not a good hater. It must be added, however, that there is absolutely no fraternization between our officers and the natives.

The Americans in the zone naturally must keep aloof from people with whom we are still officially at war.

Don't Like French.

How about the Germans?

I suppose they love us no more than they do their other late foes. But I also imagine they are being friendly.

They certainly prefer us to the French.

Tasked Germans of all classes whether they would rejoice the day the Yanks finally pulled up stakes and left for home. The answer was a vigorous negative. They feel that the day we leave the Rhine, will enter.

Unlike our men, the French polio do no fraternize with the populace.

In the terrace gardens where drinks and food are served outdoors, they may be frequently seen, because it reminds them of their beloved Paris boulevard drinking places, but always keeping to themselves or in company with their allies.

Few Things "Verboten."

American occupation rests lightly upon the people even though American officers are billeted in the best homes and some hotels and restaurants have practically been taken over for our needs.

In the former land of "verboten" few things are verboten now to the natives so long as they behave themselves.

Among the American verbotens to the Germans are:

They may not burn gas in their homes after a certain hour. This is to help them to save precious coal.

They may not drink liquor in the cafes and bars after a certain hour. This is to help preserve order in the town.

They may not hold parades in which the red flag or Bolshevik banners are displayed.

American occupation was followed by American white flour and other food which the natives had not seen for years. It was also followed by a flood of American money spent by doughboys.

This was good for shop-keepers, but bad for other classes of people. It caused prices to shoot up.

The people who fare best are the frauleins who are fortunate enough to have a Yankee private for a beau on monthly pay-day. He thinks nothing of blowing the girl off to a big "feed" at a good restaurant and tipping it off by buying her a 700-mark skirt or blouse that she has long coveted.

FOE ASKS PAYMENT FOR WORK ON FRENCH ROADS

PARIS, June 26.—Germany has filed with the reparations commission a claim that 215,000,000 marks should be deducted from the seven billion gold marks due France as her share of the indemnity fixed by the Versailles treaty, says the Petit Parisien.

This sum, it is asserted, is the value of improvements made on French roads by German prisoners of war.

DECLINES TO JOIN SCARBOROUGH, Eng., June 26.—The labor party conference here declined today by a card vote of 2,940,000 to 225,000 to affiliate with the Moscow Internationale. The conference also refused to secede from the Geneva Internationale, by a vote of 1,010,000 to 516,000.

WOMAN ABOUT TO BE EXECUTED GIVEN ROCKER

OSSINING, N. Y., June 26.—For the first time in the memory of the oldest guard, a rocking chair is to make its appearance in Sing Sing prison. Guards contributed for the purchase of the chair for Mrs. Hattie Dixon, the only woman held in the prison for execution in many years, when they learned she was unable to sit comfortably on the regulation prison stools.

GREEKS KEEPING Foe ON RUN IN SMYRNA DISTRICT

Moslems of India Threaten to Stir Things Up Because of Ottoman Treaty

LONDON, June 26.—Greek forces stationed in the Smyrna district are advancing in four directions into Asia Minor, according to a statement made public here today by the Greek legation, quoting an official communiqué given out in Athens Thursday. Many prisoners, cannon and machine guns have been taken by the Greeks.

The Greek losses, it is announced, were 21 dead and 100 wounded.

PARIS, June 26.—Turkey's peace delegation was ready this morning to submit to the committee a reply to the terms of the treaty presented by the allied nations. This reply was to have been transmitted on June 11, but an extension of time amounting to fifteen days was granted on June 7.

Disputes from India indicate considerable unrest among the Moslems of that country regarding the Ottoman Treaty. The Viceroy of India has it said, received notice from a leader of the Indian nationalists that unless the Turkish peace terms are revised the Hindus will withdraw their support from the British government.

PARIS, June 26.—Allied nations are masters of the situation in the near east as elsewhere, and if incomplete harmony, can employ all the forces at their disposal to carry out their policies which are so properly proportioned to their interests," said Marshal Foch in an interview today.

Discussing German disarmament, he asserted this matter was not the dominating factor in the peace negotiations.

SPURT FOR COX IS REPORTED AS DELEGATES TALK

Elusive McAdoo Boom Revived By Groups Wearing Cards in Their Hats

TEMPORARY ROLL OF CONVENTION IN SIGHT

Senator Reed's Efforts to Get Seat Upon Floor to Be Passed Upon

SAN FRANCISCO, June 26.—Postmaster General Burleson, who arrived here last night, declared that he and the entire Texas delegation would vote for the nomination of William G. McAdoo.

The action of the Republican convention in adopting a platform which, he said, conceded its attitude on the leading questions confronting the country would not be repeated in San Francisco. The Democratic convention, he predicted, would define its position positively and emphatically. He would not forecast its attitude regarding a liberalization of the Volstead act, labor or the Irish question, but said that whatever action might be taken the party would abide by the will of the majority.

SAN FRANCISCO, June 26.—Completion of the temporary roll of the Democratic national convention was in sight today when the national committee resumed consideration of credentials with the Georgia contest before it and Senator Reed's effort to gain a seat on the floor with the Missouri delegation also to be passed upon. Other business occupied the first session of the committee yesterday preventing prompt disposition of these troublesome questions.

Settle Georgia Case.

Committee members expressed confidence that the Georgia case would be put through, probably without a vote against seating the delegation lined up for Attorney General Clegg for president. They were not quite so sure of the result on Senator Reed.

Previously it looked certain that he would be denied a seat, having been refused election delegate-at-large by the convention. There were intimations, however, of a disposition among some committee members not to let the matter go to the president.

Spurt for Cox.

The influx of delegations which began yesterday and continued today, brought to the physical and conversational congestion in hotel lobbies. Out of the din arose what some observers predicted to recognize as a spurt of nomination activity toward Governor Cox of Ohio.

It sent the army of news writers on the ground scurrying about in search of a source. The best they could make of it was that the coming of several delegations already in the Cox column had added just that many to the Cox column with nothing definite to indicate added votes for him later.

McAdoo Still Talked of.

The elusive McAdoo boom also put in a new and little time, a public appearance. Bobbing serenely into sight despite Mr. McAdoo's personal efforts to chloroform it some days ago, the movement for nomination of the former treasury secretary took the shape of cards appearing in hat bands of delegates here and there with the legend "Mac" do.

As there is no McAdoo headquarters here, agency authorized to stimulate sentiment for him so far as known, the source of the new manifestation of political immortality on the part of his boom was not clear.

Clergymen Named.

The following clergy have been selected to deliver Democratic national convention invocations:

June 28.—The Right Rev. P. L. Ryan, vicar-general of the Roman Catholic archdiocese of San Francisco; Bishop A. W. Leonard, Methodist-Episcopal church.

June 29.—Bishop William F. Nichols, Protestant Episcopal; Rabbi Martin A. Meyer, Hebrew.

June 30.—Rev. Mark A. Matthews, Seattle, Presbyterian; Rev. James L. Gordon, Congregationalist.

July 1.—Rev. S. S. Dutton, Unitarian; July 1.—Rev. Edward M. Stenard, Lutheran; Peter V. Ross, Christian Science.

CLIMBING FLOW HITS THREE NEBRASKA TOWNS

FLLOUR PRICE LOWERED BY WHEAT MARKET BREAK

MINNEAPOLIS, Minn., June 26.—Flour dropped 30 to 50c a barrel at the mills here today. The decline was due to a sharp break in the wheat market yesterday.

FRAGRANT ONION NOW FRIENDLESS; TOO MANY OF 'EM

WASHINGTON, June 26.—Onions have become a drug on the market for the first time in years, the department of agriculture reported today in its weekly market review. On the other hand potatoes are two or three times as high as a year ago and comparatively scarce. California onion growers are plowing under their crops, the review says.

WOMAN BATTLES TO KEEP PERSONS FROM HER ROOM

Dramatic Scene Follows Belief Kidnaped Child Had Been Found in Hotel

SCRANTON, Pa., June 26.—Belief of a local detective that they had located Blakeley, the 12 months old son of Mr. and Mrs. George H. Coughlin, who was kidnaped from the family home at Norristown, on June 2 was shattered last night when after two hours crowded with dramatic scenes, the mother of the missing baby admitted that a child found by the police with a couple living at a Central City hotel was not her baby.

The baby is the son of Mr. and Mrs. J. H. Williams of this city. The scene in the hotel where Mrs. Williams and her baby were domiciled while Mrs. Coughlin was attempting to see the child was dramatic in the extreme.

Strained From Husband.

Mrs. Williams was estranged from her husband, according to her story, and refused to open the door of her room or allow the other woman to see the baby, fearing, she said, that it was a scheme on the part of relatives of her husband to secure possession of it.

During the long parley between the women Mrs. Williams grew hysterical and declared that she would kill herself if they forced their way into the room, begging them to wait until her husband could get there.

Attorney on Rules.

It was nearly midnight when Williams put in an appearance. At the hotel he was met by an attorney who entered the hotel corridor an attorney struck the lawyer knocking him unconscious. In return he was himself knocked down by one of the detectives.

Williams then ordered the hotel authorities to open the door and against his wife's protests secured a photograph of the baby in its mother's arms which was shown to Mrs. Coughlin and the lawyer. Mrs. Coughlin said that it was not the Coughlin child.

Meizer said the gift had been made last fall and he had heard indirectly that it would be used for a public building a library or some worthy cause.

The fund will be called "The Charles Meizer fund" in memory of Charles Meizer who died in Denver in 1905.

WIFE, CHILD AND PARENTS IN LAW CANNOT RECOVER

Four Stabbed With Butcher Knife and Then Skulls Are Crushed

CRAZED MAN CALMLY DISCUSSES HIS CRIME

First Committed to Mental Hospital Because of Attempts to Murder

CHICAGO, June 26.—Nolan B. Robinson, 23 years old, fugitive from an insane hospital at Elgin, Ill., was captured here this morning and held on charges of attempting to murder his wife, their five-months-old baby, and his parents-in-law last night at Wheaton, near this city.

Robinson stabbed all four with a butcher knife, then crushed their skulls with an iron bar. Robinson, found sitting in a railroad station with his clothes covered with blood, calmly discussed the attempted murders and declared he was crazed by love for his children.

Victims Cannot Recover.

Wheaton police reported the wife, Vera Robinson, 24, the baby, the father-in-law, L. C. Brown, 75, a jeweler, and his wife, 70 years old, cannot recover.

Robinson served four years in the navy and crossed eighteen times during the war. He was on the Cyclops submarine in 1918.

Escapes From Asylum.

ELGIN, Ill., June 26.—Nolan B. Robinson escaped from the Elgin state hospital three days ago. He was committed to that institution May 5 last following repeated efforts to kill members of his family.

His first attempt to kill was made the day following the birth of his child when he attacked his sister-in-law and his mother-in-law. When the baby was only six weeks old he kidnaped the child and fled with it to Texas where he was arrested and returned. While in jail he attempted suicide by cutting his wrists.

A few weeks later he attacked his wife after he had broken down a barred door at her parents' home. This was only the beginning of his madness, he was placed in the state hospital.

OTTAWA, Ont., June 26.—A loan of \$25,000,000 to the Grand Trunk railway system, recently taken over by Canada as a government railway, is provided for in the supplementary estimates of \$68,000,000, presented today in the house of commons. The house today also passed the government railway estimates which were the subject of considerable debate.

TURK REBELS PRESSING DRIVE AGAINST SMYRNA

CONSTANTINOPLE, June 23.—The Turkish nationalists still are pressing the Asiatic shores of Marmora in the vicinity of Constantinople and are directing a great concentration toward Smyrna.

Apparently the plan of the followers of Mustafa Kemal Pasha, the nationalist leader, is to harass the Greeks as much as possible in Thrace and the English opposite Constantinople to prevent them from sending reinforcements to the Greeks in the Smyrna district where, it is believed here, the nationalists will attack in force if the peace conference persists in giving Smyrna to the Greeks.

CHICAGO NEAR DISTRESS AS COAL SUPPLY IS LOW

CHICAGO, June 26.—Chicago has only enough coal to last its pumping stations about three days, P. S. Combe, city engineer, said today. The supply, to last this long, must be evenly distributed.

No hard coal has been received from the east for a week, W. H. Leland, president of the Consumers' company, said.

LIFT BLOCKADE ON RUSSIA IS PLEA OF WOMEN

Spread of Typhus Will Continue Unless Starving Are Nourished It Is Declared

(Staff Special)

SAN FRANCISCO, June 26.—The Republican party, the Committee of 48, the Labor and Socialist parties, all agree on one thing: "off limits" for American soldiers.

"Send milk and medicine instead of bullets and guns to the women and children of Russia."

"American women will not vote for a party that starves women and children."

"England has resumed trade, and has \$500,000,000 in contracts with soviet Russia. Where are we?"

Must Lift Blockade.

With these banners carried about the Democratic convention hall some 100 women from all over America are demanding that the administration lift the embargo from Russia as an emergency measure.

The women are generally by Miss Lucy Branham, a Johns Hopkins college girl who comes from an old Baltimore line of Democrats. By laying siege to the Democratic convention, she says the women expect to get attention from Washington, inasmuch as every other party has taken up their cause in the interests of both sound business and humanity.

"The lifting of the blockade is absolutely necessary for our own actual economic and physical protection," said the little bobbed-haired crusader.

"Men like Medill McCormick, Morris and Co., Senator Borah and Kellogg Fairbanker helped us at Chicago realizing that to starve Russia means to starve ourselves eventually. England has entered into an agreement with the Bolsheviks to supply them with the millions in gold now at Moscow. We are the only ones asleep to the trade possibilities with the Russian republic."

"But far more important are these facts: The people of Russia are in a state of semi-starvation. This malnutrition is resulting in the spread of typhus all over eastern Europe. Wheat is rotting because of lack of rolling stock kept out by the blockade. Sixty per cent of the major operations in Russia are being made without anesthetics, and the lack of serums is causing disease to spread alarmingly."

"If something is not done soon the whole of Europe will be infected and a quarantine will have to be called. Then it will be too late for effective aid. It is illud. The Black plague, with this difference, that we know how to stop it and we have the means—if the state department will only let us."

GERMANS ASK MORE TIME TO LEAVE NEUTRAL ZONE

PARIS, June 25.—Wilhelm Mayer, the German charge d'affaires, today presented to the secretary of the peace conference a note from the German government requesting an extension of the time for Germany to evacuate the neutral zone. The note declared that it would be impossible to evacuate this zone by July 10.

The note left Berlin before three allied notes on the matter were delivered to the German government yesterday.

JAPAN MAY GIVE KOREA A VOICE IN GOVERNMENT

HONOLULU, June 26.—As a preliminary step toward granting Korea self government and the right to elect representatives to the Japanese diet, the Japanese government has decided to create legislative assemblies in the Korean province to which only Koreans can be elected, according to a Tokyo cable to Nippon Jiji.

The privilege would become effective following an official proclamation on July 1, the firsts stated.

AVERAGE INCREASE TO BE 22 PER CENT, REPORT

Warrants Issued for Arrest of Striking Yardmen in San Francisco Yards

CHICAGO, June 26.—W. G. Lee, president of the Brotherhood of Railroad Trainmen, today began work in an effort to bring back into the brotherhood ranks the fifteen thousand workers expelled for taking part in unauthorized strikes during the past year.

"With the promise of a wage scale decision before July 20, retroactive to May 1, there is no reason for further dissension in our ranks," said Mr. Lee. "Already we have taken back 15,000 of the 30,000 men who were expelled."

Report of Increase.

Lee remained in Chicago while other heads of the big four railroad brotherhoods returned to their homes. It is reported that the federal railroad board which has been in executive session here the last three weeks, has agreed on a tentative average wage increase for the various crafts of 22 per cent. Members of the board refused to corroborate this report.

Warrants Served.

SAN FRANCISCO, June 26.—Warrants charging sixty-five striking railroad yardmen with violation of the Lever food law by alleged participation in the "insurgent strike" last April, were served last night at a mass meeting of the men by a United States marshal.
